

## **Memorial Brick Drive Disclosures**

### **Lag Time.**

The Crease Street Garden Board is sponsoring the Memorial Brick drive in order with the intent of raising money to apply towards the future purchase of the land occupied by the Garden. The purchase is dependent upon not only the funds raised at the local level, but also on a contribution by the Commonwealth. Participants in the Memorial Brick drive are advised there will be a lag time of as much as 30 months between the fund raising drive and the installation of the Memorial Bricks as the funds to purchase and install the Memorial Bricks will not be committed until the successful purchase of the Garden.

### **Discontinuance.**

The contribution of the Commonwealth towards the purchase of the Garden is not a foregone conclusion. The possibility exists the Garden's application to Harrisburg will be denied, in which case the purchase would not go forward, and the funds raised by the Memorial Brick drive will be refunded to the participants, less any charges applied by the servicing agent.

### **Refund.**

If the Garden Board discontinues its efforts to purchase the Garden, the Board will make reasonable efforts to refund the funds raised by the Memorial Brick drive. If, having exhausted the search for one or more participants, and such search being unsuccessful, the Board will not retain the funds associated with such participants, but will donate the funds to a 501(c)3 Pennsylvania garden of the Board's choosing.
